

Axes and Wood Splitters

Hatchets drop forged and tempered S2 tool steel, fully polished heads, manufactured to exceed ANSI/ASME specifications, short handle for portability and control

Item No.	Description	Inner/Master
AXE-112	1.5 Lb. Hatchet, Forged, 17" Hickory Handle	6/24
AXE-2	2 Lb. Hatchet, Forged, 17" Hickory Handle	6/24
AXEFG-114	1.25 Lb. Hatchet, Forged, Fiberglass Handle, with Sheath	6/24
AXES-114	1.25 Lb. Hatchet, All Steel Uni-Forged™, with Sheath	6/24

Specialty Hatchets drop forged and tempered S2 tool steel, manufactured to exceed ANSI/ASME specifications

Item No.	Description	Inner/Master
HMRH-22	22 oz. Rigging Hatchet, Hickory Handle	6/24
AXE-MP	Multi-Purpose Hatchet, Rubber Grip	6/24

Long Handle Axes - Hickory Handle drop forged and tempered S2 tool steel heads, manufactured to exceed ANSI/ASME specifications

Item No.	Description	Inner/Master
AXE-212	2.5 Lb. Axe, Single Bit, 27" Hickory Handle	1/6
AXE-312	3.5 Lb. Axe, Single Bit, 36" Hickory Handle	1/6
AXE-412	4.5 Lb. Axe, Single Bit, 36" Hickory Handle	1/6
AXE-312D	3.5 Lb. Axe, Double Bit, 36" Hickory Handle	1/6

Long Handle Axes - Fiberglass Handle drop forged and tempered S2 tool steel heads, manufactured to exceed ANSI/ASME specifications.

Item No.	Description	Inner/Master
AXEFG-212	2.5 Lb. Axe, Single Bit, 27" Fiberglass Handle	1/6
AXEFG-312	3.5 Lb. Axe, Single Bit, 36" Fiberglass Handle	1/6
AXEFG-412	4.5 Lb. Axe, Single Bit, 36" Fiberglass Handle	1/6
AXEFG-312D	3.5 Lb. Axe, Double Bit, 36" Fiberglass Handle	1/6

Pulaski Axes drop forged and tempered S2 tool steel heads, manufactured to exceed ANSI/ASME specifications, axe and mattock tool head combination designed to clear brush and create fire breaks

Item No.	Description	Inner/Master
AXE-312P	3.5 Lb. Pulaski Axe, 36" Hickory Handle	1/6
AXEFG-312P	3.5 Lb. Pulaski Axe, 36" Fiberglass Handle	1/6

Axes and Wood Splitters

Splitting Axes drop forged and tempered S2 tool steel heads, manufactured to exceed ANSI/ASME specifications, special head combines a splitting wedge with an axe blade

Item No.	Description	Inner/ Master
HMSM-045	4.5 Lb. Splitting Axe, 36" Hickory Handle	1/6

Splitting Mauls drop forged and tempered S2 tool steel head, manufactured to exceed ANSI/ASME specifications, powder coated black heads, chamfered face tapered handle design will never allow head to come loose and fly away

Item No.	Description	Inner/ Master
HMSM-06	6 Lb. Splitting Maul, 36" Hardwood Handle	1/6
HMSM-08	8 Lb. Splitting Maul, 36" Hardwood Handle	1/4
HMFSM-06	6 Lb. Splitting Maul, 36" Fiberglass Handle	1/6
HMFSM-08	8 Lb. Splitting Maul, 36" Fiberglass Handle	1/6

Splitting Wedges drop forged and tempered S2 tool steel head, manufactured to exceed ANSI/ASME specifications, powder coated heads, chamfered face

Item No.	Description	Inner/ Master
WEDGE-4	4 Lb. Wood Splitting, Wedge	1/12
WEDGE-6	6 Lb. Wood Splitting, Wedge	1/12
WEDGE-45	4.5 Lb. Splitting Wedge, Diamond-Type Woodblaster™	1/12

10 Ton Hydraulic Log Splitter - manual splitter will be able to generate up to 10 tons of force splitting logs as long as 18" and as thick as 6-1/2" in diameter, minimum log length is 13-1/2", ram stroke 8-1/16", splitting wedge size is 4"L x 3-3/4"W x 4"H, this splitter will save hours of manual labor

Item No.	Description	Inner/ Master
HJLS-10	10 Ton Hydraulic Log Splitter	1/1
