

Locking Pliers

Locking C-Clamp made from high grade alloy tool steel, heat treated for maximum hardness, powerful locking mechanism, wide opening C shaped jaws, knurled pressure adjustment screw, and guarded release

| Item No. | Description | Case |
|----------|----------------------------------|------|
| PLLC-06 | 6" Locking C-Clamp | 120 |
| PLLC-11 | 11" Locking C-Clamp | 36 |
| PLLC-18 | 18" Locking C-Clamp | 24 |
| PLLC-3 | 3 Pc. Locking C-Clamp Set, Pouch | 10 |

Locking C-Clamp with Pads made from high grade alloy tool steel, heat treated for maximum hardness, powerful locking mechanism, wide opening C shaped jaws with swivel protective pads, knurled pressure adjustment screw, and guarded release

| Item No. | Description | Case |
|----------|-------------------------------------|------|
| PLLC-06P | 6" Locking C-Clamp with Swivel Pad | 120 |
| PLLC-11P | 11" Locking C-Clamp with Swivel Pad | 36 |
| PLLC-18P | 18" Locking C-Clamp with Swivel Pad | 24 |
| PLLC-3P | 3 Pc. Locking C-Clamp with Pad | 10 |

Locking Pliers made from high grade alloy tool steel, heat treated for maximum hardness, powerful locking mechanism, curved jaws allow user to put pressure on 4 points of any nut or bolt, precision cut teeth, built in wire cutters, knurled pressure adjustment screw, and guarded release

| Item No. | Description | Case |
|----------|---------------------------------|------|
| PLLP-05 | 5" Locking Pliers | 120 |
| PLLP-07 | 7" Locking Pliers | 60 |
| PLLP-10 | 10" Locking Pliers | 60 |
| PLLP-3 | 3 Pc. Locking Pliers Set, Pouch | 25 |

Long Nose Locking Pliers made from high grade alloy tool steel, heat treated for maximum hardness, powerful locking mechanism, long straight nose jaws allows for use in narrow hard to reach spaces, precision cut teeth, built in wire cutters, knurled pressure adjustment screw, and guarded release

| Item No. | Description | Case |
|----------|------------------------------------|------|
| PLLNL-05 | 5" Locking Long Nose Pliers | 120 |
| PLLNL-07 | 7" Locking Long Nose Pliers | 60 |
| PLLNL-10 | 10" Locking Long Nose Pliers | 60 |
| PLLNL-3 | 3 Pc. Locking Long Nose Pliers Set | 25 |

Locking Pliers

Locking Pliers made from high grade alloy tool steel, heat treated for maximum hardness, powerful locking mechanism, curved jaws allow user to put pressure on 4 points of any nut or bolt, precision cut teeth, built in wire cutters, knurled pressure adjustment screw, guarded release, and large Sure-Grip handles

| Item No. | Description | Case |
|----------|-------------------------------------|------|
| PLLP-10P | 10" Locking Pliers with Sure-Grips™ | 48 |

Locking Parrot Jaw Wrench Pliers made from high grade alloy tool steel, heat treated for maximum hardness, powerful locking mechanism, unique parrot jaw design will grip nut or bolt on 3 flat sides as to not mar or slip, adjusts to 16 common wrench sizes, built in wire cutters, knurled pressure release screw, and guarded release

| Item No. | Description | Case |
|----------|-------------------------------------|------|
| PLLPG-09 | 9" Locking Parrot Jaw Wrench Pliers | 50 |

Locking Pliers Chain Clamp made from high grade alloy tool steel, heat treated for maximum hardness, 18"/455mm chain holds and locks around any shape or size

| Item No. | Description | Case |
|------------|-------------------------------------|------|
| PLLPWC-001 | Locking Pliers with 18" Chain Clamp | 36 |

Locking Welding Clamp - Flat Bill made from high grade alloy tool steel, heat treated for maximum hardness, flat bill make bending, folding, or crimping sheet metal easier

| Item No. | Description | Case |
|----------|---------------------------------|------|
| PLWC-001 | Flat Bill Locking Welding Clamp | 36 |

Locking Welding Clamp - 2 Prong made from high grade alloy tool steel, heat treated for maximum hardness, 2 prong u-shaped jaws hold work in proper alignment

| Item No. | Description | Case |
|----------|-------------------------------|------|
| PLWC-002 | 2 Prong Locking Welding Clamp | 36 |

3 Pc. Welding Clamp Set made from high grade alloy tool steel, heat treated for maximum hardness, set contains 11" locking C-clamp, flat bill clamp, and 2 prong clamp

| Item No. | Description | Case |
|----------|---------------------------------|------|
| PLWC-3 | 3 Pc. Locking Welding Clamp Set | 10 |
