

Flexx™ Air Hose

Extreme duty thermoplastic rubber hose

- Thermoplastic compound combined with rubber provides extreme flexibility in severe temperatures from -40° to 140°F (-40° to 60°C)
- TPR hose also has extreme resistance to deteriorating UV rays
- TPR hose combines the benefits of the lightness of polyurethane hose with the durability of rubber hose
- TPR jacket is highly abrasion resistant and non marking
- Stronger hose wall and tighter fiber reinforcement improves the hose's working and burst pressures. Working pressure: 300 PSI/20Bar Burst pressure: 900 PSI/62Bar
- High visibility orange color increases awareness of the location of the hose
- Hose guards come on either end of the hose
- Available in 25Ft/7.5M, 50Ft/15M, or 100Ft/30M lengths with 1/4" NPT fittings (BSPT fittings will be available for the UK)

Item No. :	Description	Diameter	Length	Pallet Pack	Price
